AIRTEST ANNOUNCES BALANCE SHEET RESTRUCTURE

DELTA, BC, October 16, 2014 – Mr. George Graham, President and CEO of ATI AirTest Technologies Inc. (“AirTest”) wishes to announce the Company has completed a Balance Sheet restructure in order to reduce its working capital deficiency by \$2,132,165. Company management has signed ‘shares for debt’ agreements with creditors to account for \$383,526 subject to the approval of the TSX Venture Exchange. Another group of creditors have signed Postponement of Debt agreements to convert \$1,748,639 from Current Liabilities into Long Term Liabilities.

Mr. Graham advised that “It is very difficult for public companies to raise capital at this time, particularly if they are seen to have an excessive debt load. Although our company has a strong sales growth opportunity at this time, we felt it was necessary to clean up our balance sheet if we are going to attract the necessary financing to aggressively pursue our business plan and take advantage of the excellent growth opportunity we currently enjoy.”
